Based on information received by Tepe, he believes this review will result in a phase out of old septic systems. Mayor Tepe stated that the new regulations will require residents

to replace an old system if they want to add any square footage to their home. This new regulation will be from Hamilton County, not the Village. Mayor Tepe then reminded residents that only licensed drivers may drive golf carts. These youth will participate in a Diversion program that will require community service hours. Hayhow also advised parents that anyone under sixteen may not drive a golf cart or utility vehicle. If a child without a license is stopped, the first offense will require the golf cart to be parked. A second offense could result in the parents being cited.

Mayor Tepe inquired about the status of implementing the secondary locking devices in schools. These devices were developed to be used during an active shooter emergency. Chief Hayhow responded that that Terrace Park’s Building Department has approved this device. Now, the Fire
